Sculptures Jeux this year is presenting, among its novelties, Mosaico a versatile and multi-use storage unit having in mind the furnishing of cooking area, living room and office.

As an integration to collection Giralot comes the Office version (in the two existing widths and heights) but having more depth in order to accommodate "docs" files for the office and with option of an extractable top for laptops.

Collection Workin is also being expanded with a mini fixed (wall-hung) and desk version ideal for living, home-office and night areas.

The background is a dark blue gradient. Overlaid on this are several large, solid teal-colored geometric shapes. These include a large circle on the left, a smaller circle to its right, a large square on the right side, a tilted rectangle at the top left, a tilted rectangle at the bottom left, a vertical rectangle at the bottom center, and a large, irregular shape on the right side that resembles a stylized letter 'U' or a bracket.
